

英语（二）

主观题：

某英文报社正在举办题为“Green Transportation”的征文活动。请就此题目写一篇英文短文应征，内容包括：

你对绿色出行的理解；你会选择怎样的绿色出行；理由是什么。

答案：

Everyone has his or her own green transportation. Some like taking public transportation, while others fancy taking a walk to school or work. If you ask me what my green transportation is, my answer would be riding a bicycle. It is to be noted that riding a bicycle is one of the most popular ways to get a round in city. And it has a lot of benefits. This essay will illustrate these benefits as follows.

To keep a green environment in our life, riding a bicycle is the best way. Firstly, riding a bicycle can be faster than taking a bus when there is a traffic jam. Secondly, I can make friends who are bicycle lovers and do cycling trip together.

In short, riding a bicycle is the best green transportation. I shall keep up riding a bicycle to get a round in city because it's environment-friendly and beneficial to me.
